Report on the presentation of the NET - Age project during training of coordinators of the project »Elderly for the better quality of life at home«, Izola 2014.

Within the project »Elderly for the better quality of life at home« it was realized a training activity for the involved coordinators. The training session took place from 7th to 27th of February 2014 in all six groups for a total of 241 participants.

NET - Age project was presented in all groups. The presentation itself lasted about 90 minutes and it covered the project purpose, objectives, national and regional SWOT analysis, local workshops and materials gathered for local workshops and announcement of Mobility program.

NET- Age project raised much interest among the audience and, particularly, around the question on how such program could be implemented throughout Slovenia.

Collected materials and newsletters of NET - Age project was sent via e-mail to all of the participants.

Report prepared: Jerneja Ternovec
